8. Cultural club

The Chairman welcomed the members of the Meeting.

The members were discussed in detail above mentioned agenda and the following decisions were taken.

GUEST LECTURE

- The Chairman requested from all the members that the guest lectures be given by illustrious speakers who would inspire the students to choose the right path and aid them in learning more.
- All students are required to attend at least two guest lectures per semester.
- We got good feedback from the students.

INDUSTRIAL VISIT

- Industrial visit is a standard process in engineering and MBA courses where students get insight into real-world problems and it typically a student's first contact with a real, operating industry.
- Visits to businesses give students the chance to gain on-the-job skills through contact, working procedures, and employment practices.
- After the industrial visit, students must submit industrial visit report to the incharge faculty member.

HIGHER STUDIES

- This institution encourages students to pursue higher studies in abroad and gives advice to do clear Entrance exam to get scholarship
- The Principal requested faculty members to inform office to send this circular to all departments to make necessary arrangements.
- To motivate all the students to the higher studies.

YOGA

- The programmes ended with dedication for the students and teachers by the messages and have a positive disposition towards the whole event.
- It trains the student to maintain her mind and body at peace despite the ups and downs of daily life and teaches them to appreciate the timeless wisdom preserved in the exercises.

FINE-ARTS CLUB

- The goal of the fine art club is to inspire students to use different visual art mediums, from two dimensions to three dimensions, to express their ideas, emotions, and creativity.
- To tap the inherent talents and potentials of the student community at all levels of life.
- The Fine Arts Club thus provides a channel for exhibiting the varied talents of the students. The students overcome their stage fear and develop leadership qualities and show personality development.

LITERACY CLUB:

- Literacy clubs are platforms to engage college students through engaging activities and hands-on experiences, raise awareness of their voting rights, and familiarize them with the election process of registration and voting.
- Activities and Games are designed to stimulate and motivate students provoking them to think and ask questions.
- Literacy Club members to understand the struggle of the illiterate people and the importance of education.

SCIENCE CLUB:

- The Science Club is one of the great platforms for engineering students to realize their scientific skills and knowledge and to realize their aspirations for scientific activities.
- Science clubs will create students in the scientific thinking process and also to develop a scientific and rational attitude.

CULTURAL CLUB:

- Cultural club is responsible for all the cultural events in the Institute around the year. Cultural club strives to bring out the hidden talent of the students of the college. It is the place where students can showcase what they have got.
- It helps to discover their talent. Cultural events include competitions such as instrumental, singing, dance etc. Every year this club organizes activities such as Talent Hunt, Fresher's Party, Farewell, Fest and Alumni Meet.

The meeting was concluded with the vote of thanks by the Chairman.
