Points discussed

New website creation:

- The old college website is very slow and its load size is too high so planning to create the new site
- The new website will have less loading size.

Adding Latest Photo for the college:

The old photos look dull and not so clear so we are planning to add High-Definition images so it improves the aesthetics of the website.

Updating the current year:

- Some of the last year Program of Mechanical and Computer science are not updated so kindly make sure all the department activities are updated as per the schedule.

- Also add the program before the event starts so that the additament will reach to many students.

Adding new Features in the website:

- As we are going for new website, we can add some new features like payment of fess through online and students can see his/her attendance and performance in college website itself.

Others

- We are planning to add new college club activities in the college website.
- College result will be also published in website.

Funded generated in the college:

- The details of fund generated by the Department from the programs like workshop, seminars, conferences and symposium can be posted in the college website which adds value in the Department fund.

For Fees Collection:

- Class coordinators have to ensure the enrollment of student name, register number in the website and check the total fees for of each student by getting the information from the office.
- Also check weather all the students are able the login in the college website.
