Report 2019-2020

The EEE department of Anand Institute of Higher Technology has conducted a seminar on "Role of ethics in Women Employment" through WEC on 21.08.2019 by Dr. Ramya, Assistant Professor, Department of English, College of Engineering, Guindy.

The EEE department of Anand Institute of Higher Technology has conducted a seminar on "Women Academic and Research - Dual Role" by Dr. Seetha, Professor, AVIT on 11.02.2020. This seminar described about the time management skills and the effectiveness of Women in Academic and Research - Dual Role. The speaker gave the ideas that how to become a successful women in both academic and research. This seminar was very useful for all of our women students as well as faculties

The ECE & IT department of Anand Institute of Higher Technology has conducted EMPOWERING SELF HELP GROUP & WOMENS' DAY CELEBRATION through WEC on 06-03-2019. The chief guest of the event was Mr. G. Arangaajan and Mrs. Mythili Thangaraj. She explained the story of women's struggle for equality belongs to no single feminist nor to any one organization but to the collective efforts of all who care about human rights. International Women's Day is all about unity, celebration, reflection, advocacy and action - whatever that looks like globally at a local level. But one thing is for sure, International Women's Day has been occurring for well over a century - and continues to grow from strength to strength. The world has witnessed a significant change and attitudinal shift in both women's and society's thoughts about women's equality and emancipation. Many from a younger generation may feel that 'all the battles have been won for women' while many feminists from the 1970's know only too well the longevity and ingrained complexity of patriarchy. Her speech truly makes a positive difference for women. We thank the management for their support and approval to conduct the event. Stalls were exhibited by self-help groups of women all over Chennai.

  
Convener/WEC
