

ANAND INSTITUTE OF HIGHER TECHNOLOGY

15th ISTE ANNUAL STUDENTS CONVENTION

on

13th February 2016

“Technology for communal fortune to perceive India 2K20”

Technical education around the world seems to face new challenges, opportunities and different expectations from stake holders such as industry, parents and students. In today’s era, the unique challenge is educating the technologically savvy generation.

The technical education need to be relevant to the rapidly changing landscape of industry, businesses and economics in new ways so as to create value. It is a well-established fact that engineering education forms the foundation upon which future of engineering is built.

Future is very important as it creates the capacity of nation for innovation, discovery and technological advancement. The technical environment into which engineers will emerge in the next few years will be characterized by knowledge-based industries.

Keeping these ideas and thoughts in mind, Anand Institute of Higher Technology organized 15th ISTE Annual student convention on 13-2-2016 which aimed to provide a forum for the exchange of scientific and technical Innovative concepts and the role of students in shaping it towards excellence.

On 13th February 2016, the national convention was inaugurated by the hands of Honorable ISTE TN&P section Chairman Dr A.K.Natesan, PhD.
